PRODUCT & STRATEGY LEADER

Irvine, CA | RandallCHFord@gmail.com | (949) 648-9486 | [linkedin.com/in/randallchford](https://www.linkedin.com/in/randallchford) | [rchhf-7.github.io](https://github.com/rchhf-7)

PROFESSIONAL SUMMARY

Product and strategy leader with 10+ years of experience at the intersection of consumer-facing digital products, gaming, entertainment, licensed brands, digital collectibles, and PropTech. Known for understanding customer and fan behavior, diagnosing ambiguous business problems, and building clear product and operating systems that align multidisciplinary teams around measurable outcomes. Brings deep experience in product strategy, live operations, monetization, Voice of Customer research, analytics, business strategy, forecasting, roadmap development, licensing, and cross-functional leadership.

CAREER HIGHLIGHTS

95% adoption across 40,000 households in six weeks | Revenue decline of more than 45% reversed in six weeks | Previous monthly revenue record exceeded by more than 30% | New Digital Channel Created from the ground up

CORE CAPABILITIES

Product Strategy & Roadmaps | Customer & Audience Insight | Growth, Engagement & Monetization | Live Operations & Mobile Economy | Data Analysis & Forecasting | Voice of Customer & User Research | Cross-Functional Leadership | Operating Models & Capacity Planning | Brand Licensing & IP Stewardship | Trust & Safety

PROFESSIONAL EXPERIENCE

TRICON RESIDENTIAL — Tustin, CA | Apr 2024–Jun 2025

Product Manager

- Led the design and rollout of a customer onboarding experience for a major acquisition, reaching approximately 95% adoption across 40,000 households within six weeks.
- Established product vision and managed roadmap priorities for digital tools supporting residential customers, translating complex operational requirements and user needs into clear product decisions.
- Conducted user research and applied design-thinking methods to identify adoption barriers, shape features and enhancements, and improve the customer experience.

FANATICS / THE TOPPS COMPANY — Remote | Nov 2019–Apr 2023

Product Manager, CPM — The Marvel Collect App

- Managed a consumer-facing digital collectibles product across live operations, mobile economy, pricing, deals, sales, product launches, customer engagement, and content strategy.
- Shortly after joining, diagnosed a revenue decline of more than 45% by analyzing customer behavior, content usage, production capacity, and operational data; identified a content-supply and capacity constraint as the root cause.
- Built a cross-functional recovery plan with design, production, leadership, HR, and other stakeholders, establishing clearer metrics, forecasting, pipeline capacity, and execution rhythms.
- Reversed the decline within six weeks and soon exceeded the previous monthly revenue record by more than 30%.
- Owned KPI tracking, forecasting, pricing and deal strategy, content planning, and creator/licensor negotiations while motivating a globally distributed multidisciplinary team.
- Led trust and safety work to prevent abuse of free coins and gems, partnering with data science and development on detection methods, user warnings, and bans when warranted.

HIRERIGHT — Irvine, CA | Jul 2019–Nov 2019

Market Analyst, Contract via Robert Half

- Conducted competitive intelligence, market analysis, and Voice of Customer research to identify customer needs, market dynamics, and positioning opportunities.
- Partnered with product and marketing to translate findings into clearer product positioning and communication of customer value.

CRYPTOZOIC ENTERTAINMENT — Lake Forest, CA | May 2016–Feb 2019

Product Manager | Marketing Coordinator

- Developed licensed digital consumer products and guided content creation using product strategy, audience behavior, performance data, and brand requirements.
- Hired and managed a fully staffed in-house Digital Production group and created an agile workflow with daily standups and weekly sprints.
- Created pitch materials and managed relationships with licensing partners including Marvel, DC, Sony, Cartoon Network, Adult Swim, Funimation, and Viz Media.
- Developed marketing strategies and executed campaigns across entertainment and gaming products.
- Supported Kickstarter campaigns for Ghostbusters: The Board Game II and The Walking Dead: No Sanctuary and consulted on Wētā Workshop's GKR: Heavy Hitters through campaign support, fan engagement, promotion, advertising, game testing, Voice of Customer feedback, and customer service.

STUDIO PMG — Irvine, CA | Mar 2014–Jun 2015

Logistics Coordinator | Project Management Contractor | Project Management Intern

- Coordinated delivery across account management, project management, creative, development, and external vendors for mobile applications, websites, and print projects.
- Negotiated with vendors to secure project assets and support schedules and delivery.
